IT HAS BEEN REMARKED by visitors that for variety of goods, quality and style, the shops of Honolulu compare favorably with those in the largest cities in the United States. These remarks are not strange to us because we are familiar with the needs of the people, we know that their tastes are the same as other people, though they are to a degree isolated from the rest of the world. But they are a reading people and they are apt scholars; they have the same amount of ability to copy the ideas of others or create new ones as the ladies of New York or Boston. To cater to the tastes of the different people here requires tact, ability and coin; in the selection of goods, both as to design, quality and price, all of the business qualifications of man are brought into play.

If we did not exercise it in our corner of the mercantile world how could we offer all shades of genuine woolen goods, not shoddy, but *woolen* at fifty cents a yard, when every other dealer in Honolulu sells the identical goods for seventy-five cents and a dollar. Nor do we confine ourselves to a single shade—we have them in endless variety.

The same may be said of our stock of all-wool flannels. Who ever heard of them going for less than fifty cents a yard. They bring that because they are worth it to any one who wants them, but we let them go to you at thirty-five cents a yard, or three yards for a dollar. You can't realize it but we can prove it to you as easy as we can show you the largest and handsomest collection of white goods of every description ever shown in Honolulu.

The goods are here and the wearing qualities are guaranteed; we are ashamed to mention the prices out of consideration of the feelings of our rivals; they're low enough of that you may be assured.

A drive in shoes interests every one—our stock includes all sorts and conditions for men, women and children, and to go with the shoes we have a wonderful collection of hosiery for ladies.
